

CARDIFF

AQUARIUM SYSTEM

A Decidedly Different Look

Create the ultimate conversation piece. Designed with professionally beveled glass, the unique shape is bent to enhance the view from all angles and creates an eye-catching addition to your home or office. A completely hidden filtration system makes keeping fish easy - and keeps your critters and family happy.

Cardiff Features:

- A complete filtration system - just add water
- Frameless bullet shaped design with beveled glass edges

Conveniently hidden filtration system including:

- Intake venturi protein skimmer
- Surface-skimming overflow
- Built in freshwater top-off system
- Biological, mechanical and chemical filtration
- Dedicated heater section with constant level water flow
- Flexible return nozzle with dual outlets
- Removable beveled glass top

Stand Features:

Bring stylish design and elegance into your home with furniture quality stands. Each stand is completely assembled and available in three professional finishes that protect the stand from the aquatic elements.

Modern Black

Espresso

Cherry

Cardiff w/Beach Blonde Stand

Cardiff w/Modern Black Stand

Performance has never been so easy. You won't be overwhelmed by the Cardiff's filtration which comes complete with surface skimming overflow, protein skimmer and automatic water top-off. Even the beginners in the family will look like pros.

CARDIFF SYSTEM SPECIFICATIONS

1. Top-Off Bottles - Replenishes evaporated water on an as-needed basis.
2. Powerful UL Listed Return Pump - Cycles water over 11 times per hour.
3. Mechanical Filter Pad - Removes floating debris, keeping water polished.
4. Activated Carbon - Removes odor and harmful dissolved organics.
5. Nano-Ball Biological Media - Provides millions of places for beneficial bacteria to flourish.
6. Surface Skimming Filter Pad - Prefilters water before entering main filter section.
7. No Hassle High-Capacity Protein Skimmer - For removing harmful organics.
8. Micro-Bubble Eliminator - Eliminates annoying tiny bubbles from returning to the tank.
9. Intake Venturi Pump - Injects a dense stream of water and bubbles for efficient protein extraction.
10. Angled Black Background - Allows viewing from three sides without seeing unsightly filter components.
11. Surface Skimming Overflow Section - Removes particulates.
12. Adjustable, Dual-Outlet Return Nozzle - Creates varying water flow, preventing dead spots.
13. Beveled Glass Panels - Displays your favorite aquatic creatures in a museum style setting.

Pendant Lighting Features:

Stylish pendant design reduces heat load without noisy fans. Fully adjustable arm for desired lighting performance and style. Two

powerful options, 2C compact fluorescent and HQI metal halide.
